Joy to
the World

Hi!

I read your recent letter to Mom, Carol. More set backs in FLA. - Argh. And more shots to your neck. Well, I hope this card finds you both a little better.

Mom's cataract surgery on her left eye - Dec. 1, went well and the second eye is scheduled for Dec. 15. Lots of trips to Sycamore but she is already seeing better from her left eye.

With all this January like weather in December, aren't you ready to settle in Florida!!

J.

I bring you the most joyful news
ever announced, and it is for everyone!
The Savior—yes, the Messiah, the Lord—
has been born tonight in Bethlehem!

LUKE 2:10, 11 TLB

May the Lord give you
love that warms your heart,
hope that lights your way,
and joy that fills your home
this day and through the years.

Blessings at Christmas

and wishing you a healthy 2011.

Love,

Gary & Judy

December, 2010

Merry Christmas To All,

Have you ever wondered whom delivers elephants' Christmas presents? Ready? Elephanta Claus!

Ok, 2010 has been the first full year of trying out how it is for us both to be retired. All votes are in (2 of them) and overwhelmingly the result is "It Beats Working!" We find that there is a system needed so that we can share the single things in our house, e.g. bathroom, computer, lawn mower, snow blower (you get the drift (winter pun)).

We find that being retired is like a perpetual vacation day with an exception. That exception is, a company doesn't pay us for the days. Oh, wait we are the company. Yes, we're now self-employed. The name of our new company is Sitmore & Dolittle, Inc. And we do get paid. It is called retirement income.

All I can say is we are busy going all over town and ask ourselves when did we have the time to do stuff before?

We didn't go on any trips this year unless you count Lake Geneva a number of times. Yes, we took day trips that included lunches overlooking the lake. The view is quite nice and there is no room charge to deal with (day trips). We also found some friends like us (retired) and now we visit during the week and even go out to dinner at 4PM to get the senior discount.

We did a little refurbishing to our house and if this real estate nonsense ever settles down maybe we can sell our place and move into a retirement community. You know the place. Yes, where they have bingo each Wednesday, trips to see Sound of Music performed by the Mid-West Grade School Players and Square Dancing on Friday afternoons. Ok, I was just writing.... No Sound of Music.

Well Christmas is the time to reflect on the birth of Jesus Christ. Funny, our society focuses on Black Friday and if the stores are having good sales numbers. Why don't we see more about the reason for the season? To us it is sad but in our small world we do take time to sit back and remember.

We would like to wish all of you a very Merry Christmas and a Happy New Year.

Lynn + Gary

P.S. What did Adam say on the day before Christmas?

The Seller may require the Buyer to make the goods available to the Seller at a place to be designated by the Seller which is reasonably convenient to both parties. Unless the Goods are perishable or threaten to decline speedily in value or are of a type customarily sold on a recognized market, the Seller shall give the Buyer at least ten (10) days' prior written notice of the time and place of any public sale thereof or of the time after which any private sale or any other intended disposition thereof is to be made. Expenses of retaking, holding, preparing for sale, selling or the like shall include the Seller's reasonable attorneys' fees and legal expenses.

The Buyer authorizes the Seller, in its discretion, to discharge taxes, liens or security interests or other encumbrances at any time levied or placed on the Goods, to place and pay for insurance thereon, and to order and pay for the repair, maintenance and preservation thereof. The Buyer agrees to reimburse the Seller on demand for any payment made or any expense incurred by the Seller pursuant to the foregoing authorization. Until default the Buyer may have possession of the Goods and use the same in any lawful manner not inconsistent with this Agreement.

This Agreement and the security interest in the Goods created hereby shall terminate when the Buyer's obligations have been paid in full. No waiver by the Seller of any default shall be effective unless in writing, nor operate as a waiver of any other default nor of the same default on a future occasion. All rights of the Seller hereunder shall inure to the benefit of its successors and assigns and all obligations of the Buyer shall bind the heirs, legal representatives, successors and assigns of the Buyer. If there be more than one Buyer, their obligations herunder shall be joint and several.

If and to the extent that applicable law confers any rights or imposes duties inconsistent with or in addition to any of the provisions of this Agreement, the affected provisions shall be considered amended to conform thereto, but all other provisions hereof shall remain in full force and effect.

Buyer acknowledges receipt of a true copy of this Agreement.

Dear Helen-

I was so glad to hear from you I tried at diffident times to learn your address but no one seemed to know it and after coming over here one of the Lts wives reminded me so on such of you I thought I would just take a chance on Fremont-

I have been here five months Sara & I came over on a Transport St. Michel and we were a month on the way stopping in the C. Z- and San Francisco had a very arrelous trip some rough weather but we were not sea sick at all. I am LeRoy's dependent therefore I shall have to stay as long as he is here which will be about a year and a half and I do not like it at all. The Army people are all so pissey and have to watch my every move and you know I am still far from a dead one and I like a good time but I really have to get my age here- Sara doesn't like it much but being young of course she does get around a whole lot, but I think she is returning in a week or so as she has a chance to work in Los Angeles- perhaps after she works a while she will send

from Cuba to Fla. You will love to hear some from here and if I ever get away from this place I think I will stay where I could at least catch a ride to get away if necessary LeRoy loves it here and also loves his career he would not care to be anything but an Officer, he has not got the lovable disposition that he had as a boy I wish he would Marry I think that often improves them I bet Warren is a handsome boy and he must be eighteen or twenty now isn't time flies but I have been flying around so much some good times and some bad times that I will be through with life before I get set I guess I imagine Arthurs folk is interesting meeting different people and if I do get away from here I may see you this summer if you stay there - Well I have talked my self out and will have those shots the next time I write - Best Regard to Arthur Warren and yourself and write again -

Elsie.

Mother is still living has a young

she is just crazy about him he

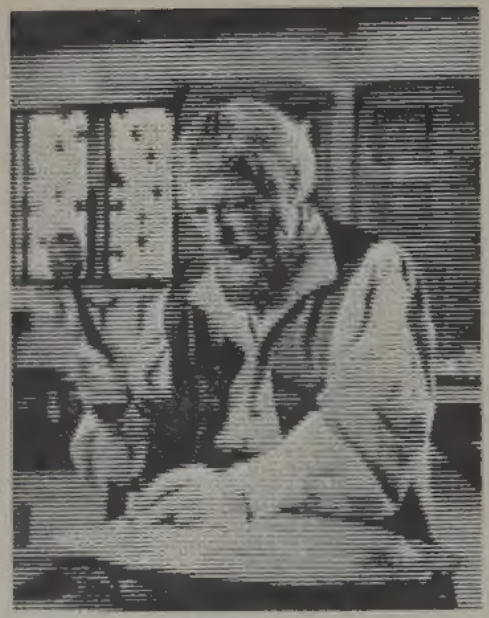
THE MEANING OF HALLMARK



In 1327, the royal edict of an English king—posted on Silversmith's Hall in London—decreed that every piece of silver and gold of quality must bear the mark of the hall where it was made. Each master craftsman worked with infinite care, so that he could be justly proud of every item that carried his hallmark. For over six hundred years, the hallmark has continued to be a mark of the finest, a symbol known and trusted, a guide to quality. Today, the Hallmark and Crown on the back of a Hallmark card is your assurance of quality and fine craftsmanship.

Well here comes a line hoping you are feeling fine, I had a note from Son you can read it when you come in. Well I went to the Dr. yesterday Tues. I called him to tell him about that bum leg, he told me to come in by 4— I called him about 2^00 — so when I got there I had to take a sample & he found it to be 4 + ~~P~~ plus so he increased the Orouze gave me antabiotics & pain pills & I have to come back next Tues. if it does not get better in 4 days I am to call him & if the sugar is not down, he said he would have to hospitalize me & give me injections of insulin — I thought I would tell you all the news, but I am hoping everything will work out O.K so dont worry I have to keep off my feet & boy I am not going to do anything I am not supposed to do what a life for a dumb thing like that so dont worry about anything everything is going to be O.K.

Hello Shelley Jule &
all ——

Dorothy picked them up at Chara - they said it was so cold down there & rainy weather, she lost 5 lbs while down there & her dad said he didn't want her to get sick down there so Dorothy said soon you come back to a very cold city & they said they didn't mind it, it was good to get back home again, I guess it was as low as 20 degrees - for they just announced it is 7 degrees so you see we will soon get Florida weather - Well we all enjoyed being out there we went back by way of State St - & it took no time to get out 30 - Oh, Sat Jane had a call at 5-30 when she went to the phone no one answered, then there was another Sat afternoon - again no body answered, so she was very upset, so I wonder if some one wants to bring us something real novel hear we are to have more snow I don't wanny loads of luck, Freddy was wishing he could see Bannanza in Color - Eat your house well dear folks I will close with loads of love, good health & luck to all even Lynda - I hope Carol continues to get rid of her cold -

Dearest Flo - Warren & Carol & little Mimi

I just want to tell you we had a very nice trip home no snow & clear sailing, we got home in about 3 hrs & 18 ½ that is going some, a few trucks on the road not like Sunday night we took the cold. Toll road out it took 4 x 35 cents, but that was clear - but when we joined 41 to head to 30 there was a lot of trucks & cars, I guess most people stayed home. Yesterday I called Dorothy & told her you said to say hello & a thank you for your presents she liked them very much, also I want to say thank you folks for every thing I missed your bed last night & even Sherry said I wish we had your blanket to. June & I felt funny coming back to our old house, but today our dust appointed & we again like our home —

Dear Will and Eve,

am ret. yr. ck. for your pt in my mother's chair. The only reason I considered letting you in on it was that I had already bought it, had it in the garage already + J. + J. called to see what we should get Mom. When I told them about the chair we had bought they wanted to go in on it, + so your feelings wouldnt be hurt, Will, I told you about it. You could have told me then that you didnt want to go in on it, + it still would be O.K. + I did not - + do not want you "chipping in on any more large gifts."

This really upset me because I don't feel I pressured you into chipping in, as W + I planned to do it on our own, but as I said before J + J wanted to give the chair too, + that's the way it is.

No hard feelings, just destroy the check, keep your money + Mom doesn't know anything about it. I told her I had received the ck. period

J +

Dear Florence & Warren;

Here is check for more chair from what June said this is the amount we owe. After this we are going to keep our gifts down so we won't be chipping in on any more large gifts.

How are all of you well & happy I hope.

We've all been fine here lots of ice around our place. June & Fred were here yesterday for a short while, said Mom was fine & sitting in her chair a lot only leans it against a wall so it won't tip back.

June is afraid someone will

tip back & make a hole in the wall.

Nothing much new here just like to call but today it's pretty nice it's 30 out.

Sure will be nice if we can get camping this year, Will's always afraid to leave this place alone because we're so far away from everyone they could walk away with everything & no one will know it.

Hope your Mom is better, tell Carol & Lee hello, it sure was nice seeing them again, the little ones are darling.

Well bye now,

Will & Eve

Dearest Flo - Warren - Carol - Mr Mi -
Well here comes a few lines from the perch sitting bird - first of all I thank God for letting me be at home, today I am sporting that new white woolen slipper you gave me a year ago for Christmas I have a white stocking on plus your slipper plus a blanket on my foot I think I need your fireplace to put my foot in the fire to keep from freezing, no water is to goon my foot if you get the aroma way out there don't blame me - That was quite a surprise to lose 8 lbs in a week the nurse weighed me I told her I think I went up so how I hate scales well when the Dr came in he looked at my chart he said will you please get on the scale again he himself didn't believe it then he rechecked my blood pressure that was down checked my heart then he said I was a lucky lady, usually my kind has to go in to the hospital for a month or two so again I thank God for everything I had sent June for 200 had my hair fixed by June I washed

it & was all ready to go & what a nice surprise I got you see I was ready so I wouldnt be a bother to any body — I could see myself flirting with the Drs but not that Jew that said do you think this is a Circus, I would still say something to him Well now that I filled you in I must tell you I was going to wear my mink hat but so far had no chance to wear it, but I look at it — June is out washing off the front porch now they had to go to the dentist yesterday — Sherry got her gold brace Freddy & James they are all finished now until Aug — Lynn has to work Sat — Fred put down new flooring upstairs, but isnt quite finished, so you folks are still very busy moving is no fun — but your home looks so nice, You folks will enjoy it after everything is settled — gosh going to the Dr last night Freddy pulled down our door, so it wouldnt go down all the way so we had to call Fred When we got home & he said the cable got broke so now he couldnt get his car out this a m, so he has mine today so June & I Cant go out Hell a me go out & no Can wear my new mink hat — June just brought in the mail I got a card from Mr & Mrs Scholz & a letter from Judy, she said she is getting Bob & I hates boys, You can read it or I might send it in a letter not yet tho because they want to see it here & Carols letter was so nice

Friday a.m.

Dearest Florence - Warren - Carol & Mr Mi

Well how is the weather out there, we have sunshine here but snow melting slowly, I heard about the ~~explosion~~ explosions in your town that must of been bad, where was this accident they did not tell us where in Ft. Wayne, well I hope you are all well & I hope Carols cold is better to, again thank you for everything, we all had a nice time out there, I wish we could go again this week - but no luck to go, well last night we went to the Dr Freds condition is better, he wont have to go back for 2 months so that is good news, I ask the Dr about Indesit & do you know what he gave me & said he would not give me anymore but I have still been taking 2 a day since I got home, but now I must tell you I am Grounded again on the chair, until he sees me next Thursday night again at 8 20 P.M. Now this is not Arthritis I have it is a Circulation Condition

my blood pressure was up + sugar is up, he increased my pills to 4 a day instead of two circulating pills to 3 instead of 2 he told Jane to watch it very Careful if there's a change to call him. I even gained 4 lbs, he said that shows there is sugar in the urine oh me oh my what have I done to deserve all this trouble, I am to watch my diet very careful, poor June so appointed watch man over me well anyway I am happy I got to see your new home — I hope Danny is faring OK, away from home so far —

Willis called Wed he is again having trouble with his foot again that means work, Frieda is busy putting in lights in the basement — Well dear I will close now with loads of love good health + luck to all from Mom I thought you would want to know the Dr report but don't worry everything will come out in the wash —

Soon to all Mom + Gang + Mandy + Dad

Dearest Florence + Carol

Well here comes a line hoping you both are feeling fine, but I was sorry to hear about Irene, I hope she did not get hurt to bad, to think it had to happen to a very fine lady, & spy heart also goes out to Suzy, I know she is worried sick about it all but I do hope + pray things are better by now —

Elsie called me yesterday she is fit to be tied, having Betty's family there with 4 children + her husband, Elsie said her home is a wreck she said she just had to call me up + let steam off because [illegible] getting her down

things are getting wrecked
around here besides their
house dont seem to be
getting finished, so I feel
sorry for her — she also told
me Norman is going to be
operated on for piles, it seems
as though when he gets home
he says well I got paid for
another day I guess he expects
to be laid off & they are quite
worried about work out there
Mrs Stern hasnt sold as yet —
last night I went to church here
on Foster & Sylvan her & they are
having a missionary Conference &
her Super Cousin & family are here from
Japan so they were showing slides
from Japan it was very interesting —
yesterday Mrs. Weiss & I went to Reseda
Hospital to see Mrs. Daluga, she doesnt look
to well & it is her heart —
How is my Carol, I hope everything
is going well — the last time I
was at Segals they did not get in any
new dresses — Tues. I went to Golden
Fellowship today Sherryes in the parade
with a ragtag & bobtail time made, she
looked cute oh yes Thank You for your letter
so soon got more presents how nice — how
about that, oh me oh my —

Well Fred is still getting home about 7 o'clock Saturdays —

Good day I raked leaves all morning what a job & they are not done yet. June is now at the parade at school, I hope Sherry wins a prize — Rita lost her baby I guess she was about 2 or 3 months so she landed in the hospital Mrs. Atz invited me to come & stay with them a week in the country but I said I couldn't get from here, no place like home — next week I must get to the Dr again I am going to ask her for a pair of new legs or joints. oh to get old oh yes I have a joke. these was two men riding a bus & in

front of them sat two nuns
so the one man said lets have
some fun so the one said I would
like to go to Arkansas there are
only 2 Catolics so the other
one said I would sooner go
to Georgia there are only 2 so the
turned around &
nun said why dont you go
to hell there aren't any Catolics Now
about that goodlike - Chappie told
me that - She came last Sat
& drove home with her & Fred
picked me up to go home &
had to leave at 4 they ake Jimmy
a church out there - Well here
ended the reading with
loads of love good health
& luck to all & a big squeeze

Monday —

Laurent Flo & Family
& all & Mr & Mrs & Mitty

Well I just received
a letter from Bea
I thought you would
like to read it then
put away after reading
I think she is doing a
good thing by going into
a home Well I have
news I think may be
that will do when
I cannot no longer
keep up my end —
Eric Nick called last
night he said I thought
you would come out here
for a couple of days I said

no you can don't turn
to Chicago & say can
don't point to Gray Lake
I wish they would save
their money on phone
calls that they have
done their duty & well
why worry if they don't come in
so what I told them to
thank Valerie & Don for their
Easter card & letter that
was the only one I received
from that land they are
all too busy. Well that came
from Elgin already & Claire
the news of yes Freeport —
they said it was hard blowing back
with the wind & kept following
Johnsons shake up & had to
stop & fix that they got home
I guess it was 8 or more & they left
Freeport 2 o'clock & Huron we had rain
rain & very strong winds. We had a nice
time at Claire both ladies went to thank
Don for their Easter cards. Freeport
Lorraine went to Elgin & picked us up again
I got supper last night our Pastor took
the second service Good Bye

they told the Congregation
that would be his last sermon
their & think he will take one
of St Paul's house & Connecticut
home. I liked him very much.
I got up at 7 got washed & dressed
then I looked out the west
window & it was so dark
& then it rained very hard
I think we had 24 or 30
minutes & I did not wake
Frederic to take us to church
so it kept raining off & on.
Thats going to be Dave for
Ben to think of things. I guess
I told you I wrote to Audrey to
tell Vernette lots of luck if she
sees her, gosh I am cold here
it is going down. the weather
has been Perf. I hope my
little girls are all better
& lost their colds - & I
know all you folks are
busy to get ready to move
& I wish you all loads
of luck & good health

please excuse this letter
dear writing it is in a hurry
so please all mistakes
& dont you all work
to hard - My Magnolia
tree is in bloom
& will open up with just
a touch of warm
weather - Well I
am going to have fish
for my supper tonight.
so all take care
all keep well & will
close with loads of love
to all & give the girls
a hug even Mi Mi
Ha Ha oh yes Dorothy
called up at church Sunday
she was asking how you
folks are so here is a big X
for all Mom

April 18, 1974.

My dear Flossie:

I can't realize that so much time has passed since I received your letter and I am ashamed of myself. But I have been very busy, not only getting ready for the big move, which won't be for a couple months, as I have been pricing my furniture and getting ready to put an ad in the paper as I want to sell things a little at a time. It will be a heck of a big move as Tom always took such good care of everything but I'll have to worry thru somehow. How I miss him!

I have already sold my lovely dinging room set, two odd chairs and my two beautiful bed spreads. You might think I am bragging when I describe my things as lovely and beautiful but to me they are just that and I hate to part with them but I have to close my eyes and do what I must do.

Y es, I have decided to go to Inspiration City about which I wrote you in my last letter and I believe by going into a retirement home I am doing the smart thing. I am no longer young and being alone out here it behooves me to look at the future and the time will come when I can no longer drive or maintain an apartment, or home, so while I still have my health and will be accepted in a nice place common sense tells me to make the change. I wrote you about the place in my last letter.

No, I haven't seen nor heard from either Audry or Vernett and I don't suppose I ever will, which is O.K. with me if thats the way they want it. I realize I'm from the older school and don't dress quite as sharp as they do and appearances aren't quite like ~~khxxx~~ theirs so they can go their way and I'll go mine and we all will be happy. I feel sorry for Loren but if he is still working I'm sure everything will be O.K. with him.

I had an unusually nice birthday as Laurence phoned from St. Petersburg in the morning, then Mary-Louise from Glen Ellyn in the afternoon and then best of all Bob called from Joliet in the evening, all three calls made me very happy. My two women friends, whom I always have Sunday dinner with took me out to a very lovely restaurant on Easter, and my cousin from Leisure World spent the day with me. Winona always has flowers sent to me at Christmas and Easter and a neighbor brought in a huge boguet of calla lilies and I had already picked a nice bouquet of roses so the apartment smelled and looked very festive.

I expect to visit my cousing at Leisure World in Laguna Hills in a couple weeks and before coming back home will visit friends in Long Beach. I haven't seen them for quite a while and I thought I should do this to sort of unwind, as I have been sort of a stick-in-the mud and it will do me good to get away.

Tom has been gone five years and I went to church on Easter the first time since then. You may not remember that he passed away on Good Friday, 1969, so this time of year has been especially sad for me and remembering him and listening to the music would always be too much but I made myself go this year and I'm glad and I know he would be too.

Remember me to the folks and take good care of yourself. Will say 'Bye with much love, as always

Bea

Dearest Florence - Carol Helen Warren - My Mi Dusty - my little Mandy - .

Received your letter yesterday Thurs. I was so happy to hear from you both & to know you are all OK, also happy to hear Helen is getting to feel better - & only hope Warren dont go on a strike, & I hope & pray Helen gets stronger. Adaline & Coleman came over & was only going to stay a half hr but we talked for the rest of the afternoon, Fred came home from work & he got to talk to Coleman so our dinner was delayed, I served them ice cream, Pepsi & Cookies & Coleman even took the measurements off the bird cage & Cat Glass for me but I dont know what I told you that same night it just poured rain here & they had a flood in their basement ruined everything rug - Tools & etc, a mess to clean up - because Clara

called me to tell me not to buy glass for the cage, that Coleman had made some, so wasn't that nice of him, Clara just had a slight stroke & she said she was weak & tired but OK, today we are having snow & cold & the ground hog seen its shadow in Penn so that means 6 more weeks of winter it has been dark & gloomy damp & rainy here, but happy you all got home safe — Well the folks upstairs have bought a new car with the large engine large battery - it is a light color not green June said it was hard to describe - Now June is busy making a doll for Dorothy Bliss I guess she is going to another shower she met pick up Sat - To Wills & Thorens We or no one got out heard from them if they go out Sunday they will get information but Fred is busy fixing & scraping the

Olds, he is going to get rid of that one & use his old Ford for work, it has power steering & driving the new one, I think it's pretty from what they say, they only wanted to allow 400 so Fred decided to keep it. I think they paid $3400 - they allowed them a discount; they only made about 150; selling it to Fred I think I can pretty close but not sure. Well we enjoyed having everybody here & they said they all enjoyed themselves. The Marshall Fire truck has not been around yet, Lorraine; Mary Ann said it would be delivered to our house - Fran & Dan are

happy to come to the wedding, they
will leave their girls with Ge Mother
that the way Mom told us —
We have the measurements
on a different sheet enclosed
with the letter — Well I must
say our house is in order again
for another shower but we did
have fun Tomazine stopped here
Monday morning & her Freida
had not delivered her package
either Now would Carol like
a chrome Sunbeam mix master
for my wedding gift or what would
she like Now I must run off
so with loads of love to all
good health & luck & no strike
& my little X for

Dear Florence - Carol - Warren
& the Pets -

Well here are a few lines
to tell you we got home
safe, but we almost had
a head on collision with
a hoop that left his line
to pass up cars & Fred had
to get off the road to let
him go by, that was close
but then we see a truck
hit a pass over bridge the whole
front was caved in he was
going out toward Ft Wayne
so that was on the other side
of the road - but that hoop
coming out of line was really
something good thing Fred
seen him & what was happening
outside of that we had a
nice trip, got home at 6 5 but
what a crowd at your Coloring
they were just coming out - that
tied us up a bit - but oh Ft Wayne
was as bad as Chicago for crowds
you must say thank you

for everything, & was happy
to see you all, & was tired
Sunday morning but I got to
church & stayed home the rest
of the day, June & Fred escorted
me along to Wills but me no
go I relaxed at home & then
Diane came she had stayed
at Pats house all night, so I gave
her the tables for her shower,
she was tickled with them,
so June & Ese tryed the dress
on Sandy & June is making
it out today it's pretty —
& Sandy is all excited about it
I had dinner up at Jones Yesterday
oh Yes Wills & Gang cannot stay
all night, they will be there. On
Sat morning sometime & June &
Fred & Dan are going to get a motel
so June told Will & Ese they could
stay at the motel until they left
Sat after wedding because Janet
is being confirmed the next day
thats why they must go back & so
will miss the Confirmation — oh well
cannot help that. Now I will ring
off for today so with loads of love God
health & luck to all
Mom X for all

Dear Florence - Warner Helen & Mimi

Well here comes a few lines to say thankyou for our wonderful time at such a beautiful wedding it was grand all the way through, each one that talked to me said it was beautiful & the bride's mama & daddy were also very striking a very distinguished Couple, I enjoyed the whole thing, but I was wishing Helen could of been there, Dan Barry did not get to talk to Lynda - but I did tell Ron they had a pretty baby but I dont think he knew who I was, I hope you are all feeling better & I hope Carol & Lee will have a wonderful & save trip. June took some cake to Mary Ann & Dan & Joan & I had a piece today - Mrs Krueger came in last night but I had to fall asleep in the chair while we were watching a Movie, but I was awake at 6 a.m. this morning & couldn't go back to sleep - & no school today, what a funeral I was wondering if you watched it too

tonight Jane & Fred drove out to Wills house Fred came & asked me if I wanted to go along I said no I would sooner stay at home, so I guess they are going to bring Judy over to look for bride maid dress tomorrow that if Judy can come in tonight — Well yesterday I want myself all day & lay on the couch but today I feel better but legs are shaky yet, but what a funny thing, there it was busy washing my dishes & Dan & Fran came in for coffee I picked up a paper from the floor & threw it into my waste basket & just turning around the kitchen again, I don't know what happened my legs went from under me & I glanced the table & Fred see what was happening they both came rushing over & got a hold of me its the funniest feeling so they set me down & then later helped me to the rocker where I stayed until I had a call but Fran & Dan did go home before that after I got to bed I did not get to sleep until well close 2.30 so after that I must of fallen asleep, I even took Buffering my pills, oh well here I am and no matter climbing either I feel better today but my head feels funny but better than yesterday — I called Dorothy this a.m. to tell her you said you were feeling a little better she said they were thinking of going to Mich to see that boy on Easter Sunday because they promised him. She said Bill didn't want to drive anymore but she was going to make him drive her to work today. Gosh I never see so many presents Carol got & that should make you all feel better — I must run everyone gets that many

April 3—

My dear Flossie—

as Tom is going to be busy this afternoon driving a friend around to see how his car is acting I thought this would be a good opportunity to write a few lines to you.

We received your Easter card & letter today and as always was very happy to hear from you. I know everybody has Carol's wedding on their mind, even as we, and we would be so happy if it were possible for us to attend. your brother is now 78- and I'll say- a very young 78 and we decided it would be best for us, healthwise, not to leave California at this time of year, also money-wise was a factor. If the wedding had been later in the year we would

have been tempted as then the trip would have been continued on into Wisconsin and many other places but we know the mid-west this time of year and for we oldsters, we don't want any part of it. you see we have to make our money go far and that was another reason.

I know Florence will miss her daughter very much as Carol is such a sweet girl and I hope she will be able to take it easy when all the activity is over.

We received a letter from Winona yesterday and she writes that Susan expects to be married in June. My, how these kids grow up!

We haven't heard from either audrey or Kennett and I'm puzzled. Tom says to forget about not hearing from them, but I'm

not like that as I like both girls very much & thought it was mutual, but guess I was mistaken. Of course audrey has her circle of friends, & we have ours, but regardless we are family and that means a lot to me.

We seem to be awfully busy these days as the Western Electric Pioneers have a picnic every two weeks and our weather has been so good all winter that not a picnic had to be called off. Then we go to a Telephone Co. dinner the first Thursday of every month. Besides all this we have joined a Forum & travelogue which meets in a high school twice a month, and we have also joined a Travelers Organization for senior citizens which we plan to take advantage of by taking short trips. In the mean time I do the washing & ironing, Tom runs the

vacuum cleaner as he did the morning while I was at the beauty shops. He had lunch ready when I got home & the dusting will be done when I finish talking to you.

This is a rather one sided conversation, but I always consider a letter just that; only our little chat would be so much better if we were sitting face to face.

Give all the folks our love, but keep a big share for yourself.

as always

Bea & Tom

P.S.

Nona writes to say that Susan is marrying a right nice guy.

Peter goes to Columbia University in Sept.

Les was offered the job of Dean at the big Colgate U. They went to see but rejected even tho there was a lot more money and a bigger college. For one thing they didn't like the winters up there.

Our neighbors upstairs here are fresh from Vienna, Austria — a young couple about 25-28. They don't know English, so we help them a lot — altho they are top college people. My old German comes thru a bit so we have fun translating. Bea is educating the wife on American cooking. They marvel at everything. Never had ice cream — tea, lettuce, and our wonderful canned goods

and frozen foods. They like our wines so much that they use a gallon a week. We took them to wineries where they could sample all kinds, and where they now get their supplies cheaper. He wants to go fishing very much - so will be doing that in the local big Salton Sea and the ocean. They think So Cal and America is so wonderful. They now plan on ways to bring their parents and relatives over. There will be a baby here next month, so guess this old Pappy will be holding a baby soon. Ha

The desert hot winds are coming thru the passes, so that it is about 90 outside right now at noon. They blow the smog back to the ocean so now our mountains are so clear we can see the (big) trees along the top of the ridges. — So Bye again - for now

T.

4/11/68

Dear Sis:—

Bea has gone to be made beautiful so I will write letters. Yours is No. 1. even tho I think Bea has written to you since your 4/1 letter. I know you won't mind getting another so soon, so here goes.

I suppose you have read the news about our earthquake. I know that eastern papers will publish that sort of news or smog quite promptly. Yes we had our first real humdinger. It was 6:30 P.M. and we were watching T.V. news. First there was a tremble and a noise. Having had a few like that, we recognized it and looked at each other. It got more rather quickly. The floor seemed to go up and down and then we felt our building shake and roll. Drapes Curtains started to swing — a large tall plant seemed to be shook by a hidden hand as the big leaves trembled and swung. It stands in the corner. There was a deep low roar. It all seemed to last quite awhile but actually only a few moments. Then all got quiet, which was so very noticeable. The feeling is a dizzy like motion. Quite a number of people felt nauseous. Although it was rated by instruments as a heavy one, there was no damage reported. It centered near San Diego about 25 Miles East of Lakeside. The road there had quite a crack of about 4-6 inches across. —

We had one rather severe about 6 years ago. Bea's mother sat in a rocker and got a free rocker ride. The scientists claim a real destructive one is due anytime but that could be anytime from days to years away. So we will stay and live here and wait. Ha.

Well, gal, good old Madison St. got burnt out. That guy Dilby

should have anticipated riots after King shooting and had police ready as should all other cities. Stupid asses are the whole bunch. Thea area had very little — small and isolated. Chatsworth 6 miles from us, they had 1 car and 3 men going around to any gasoline bottles. Only slight damage but they got caught and now in jail for arson. In our towns - Upland & Ontario, we don't have many niggers but are being watched. Civilian cars equiped with 2 way radios are on prowl and watching. So that a small start is caught quick. I would like to swing my tire iron in the car just once. (The nigger that gets it won't be able to get up.) Otherwise all is quiet here about.

So Carol is now Mrs. Springer and we know she will be happy. We sent a gift as you probably know by now. Hope you stood up physically under all the excitement. By the way let us have Carol's new address for our records. It is too bad that Mrs. La Grand Sr. is so far under the weather, but those things happen. I had my recent check by the doc. who thinks all is so well, that I don't go back for 6 Months. Nice progress, eh? Bea has a visit to make next month and told to lose more weight. That seems to be hard for her in spite of her efforts. But, yesterday, we took another run to Laguna Beach — the big swank Leisure World settlement to take a very nice widow friend to lunch (60 miles each way). Then on our way home we stopped and had dinner together. Always too much food. I seem, however to hold my present low weight of 178 lbs — down from 200 — I guess my 2 or 3 golf games a week help. Received a phone call from Hemet (60 Miles away) to come & play golf next week, which we will do. Tomorrow to a noon outdoor picnic of oldsters from Verdugo Electric on a Canyon park — then to a communion at church at 7:30 PM — So our days are full. Must say Bye for now

all our love Bea & Tom.

Dear Florence and Warren

After much difficulty in getting more shuteye after 5 hours of sleep, I thought I would write a couple of letters. This usually helps. Have just finished one to Byron Lila. I need not write to the girls because they each phoned on my birthday and had long talks. All is well at their homes. Nona's household is diminishing as you probably know. Peter is away at school and Susan also away reduces the family. There seems to be another wedding in the offing. With 4 big ones around the house, we could appreciate the desire of Nona & Les taking a second honeymoon (as they called it) to Hawaii a few months ago (as they said - without the children. It was a trip in which Les read papers at 2 colleges. That means expenses are substantially reduced. Hawaii has no drawing power for Bea and I. We have still too many places to see and enjoy in the West at far less expense. On pension one weighs those factors more, Ha.

Well, I suppose you people wondered how we fared with all the reported floods in Calif. This trouble was all down the coast and included Wash & Oregon. Rain storms generally come down from Alaska along the coast about 5 times Oct to April and dump about 5 inches. There were 3 such that were formed near Hawaii and really gave the coast the works. For example our area got 21 inches of rain in 10 straight rainy days - as compared to about 8 inches thruout the season. So we had rain. Result was what you saw on T.V. - floods, streams that ordinarily

(2) are dry.— particularly in the canyons. So these people with money who built expensive homes in them lost them with values $ 50,000 to 100,000. and no flood insurance sold. Many that were not wrecked were filled with 4-6 ft of mud. The mud came from the loose soil resulting from mountain fires that burnt out the soil binding roots. Our dam above us across the Mt Baldy canyon, usually dry had 38 ft deep water behind it. A dam 15 Miles below us caught the released water and had 3 ft depth and a lake 2 miles x 5 Miles. The valley there was full of grazing cattle. Many got stuck in mud and helicopters pulled 'em up with slings.

Our many hills in San Cal became thoroly rain soaked, that created mud slides. Many carried big homes down with the mud. Even now 10 days later ~~star~~ new slides are occuring. One nearly caught Bea & I on a new freeway. We were on the way home from Long Beach thru some hilly country below Pomona where many cuts thru had been made. One let go just behind us and a 25 ft deep mud slide came down across 5 traffic lanes. One car was caught and carried or shoved thru the dbl traffic divider fence of chain link and cable reinforced.

Just east of us in town the Cucamonga wash:- washed out 2 housing tracts and much other property. A big 5 lane bowling alley quite near dining & coffee shop all full of Mud 4-6 feet and walls ~~cracked~~ wrecked — also the big historical Thomas Winery had big 15 ft. Wine Casks moved around like corks. Don't think they will sell us the wine shop. Ha.

We had some phone calls from Chgo area by worried people. — We were down to visit Wisc people in San Diego — also had a fine long visit with Lee Norm. All is well there — We are back to normal again. I can play golf again without swimming. Afforestly all is OK with your Per Florist. — Must close and get some sleep

My dear Flossie -

I will do my best to write you a coherent letter but it will be awful hard as I still can't believe my darling is gone. I will start at what I'm sure lead up to this tragedy.

a very dear friend of ours was in the hospital & we drove many miles to see him or else to be with his wife. This was for 2 weeks & then he too passed away.

Tom took complete charge of the funeral & we were with the wife all the time. The neighbors said they would serve a regular meal after the friends funeral & we were asked to bring T.V. trays & our card table chairs, which we did. But the chairs

were in the original heavy box & my darling struggled down the stairs & to the car where he left the box to the ground & leaned over the car as the exhausted I was watching & saw him take a nitro pill. I went down to him & the pill relieved him & he said he was O.K.

We went to the funeral where he was very busy, also at the friends house afterward.

That was Wednesday, we only went to church the next night, it being Maundy Thursday

and now comes the sad part but I wanted you to know what happened a few days earlier.

Tom always played golf every Friday & they went to a golf course about 40 miles away — they liked it so well. He left

as usual about 8 o'clock & I said "you will be home the same time" he answered "I might be a little late" something he never said before and that are the last words he spoke to me.

I waited for him & it got to be way after his usual time & I started to worry, thinking maybe he had car trouble, or an accident, but never the awful truth. a neighbor & the man he was playing with eventually came & told me that he collapsed at the 18th hole. They got the rescue squad & an ambulance right away but the poor dear was gone - they tell me immediately after dropping.

Byron, Lila & Winona came to the funeral & staid with me for which I am very thankful. We have many friends but at a time

like that, one needs more than friends.

He looked very handsome & peaceful & seemed to have a little smile. The chapel was filled with flowers & people; I believe half our church was there, together with other friends. I ordered a lovely spray for the casket & had an orchid put in the center. I had that done for Mother, & so, my darling had one too.

I will talk to our minister about a memorial with the check from Florence & I don't know just who contributed to it in order to thank them but I'm sure she will do so as I sent a "Thank you" card to her.

I really don't know what I'll do — probably stay here but I feel I don't being so far away from all my relatives. My friends have been wonderful but at a time

like this, one needs more than friends. But if one of us had to go I would rather it be my darling as he would then be saved the terrible heartache I have; I loved him so much.

I feel so sorry for you Flossie, with all the misery you are going through. you have always been so good you don't deserve the pain you have & I hope it will be less & less every day.

I just reread your card on which the names of the family that contributed to Tom's memorial was written & now I must get busy & write them a "Thank you" note.

It has taken me many hours to write this letter as the tears will come no

matter how hard I try not to
cry, but in writing you, I again
lived the black day I was told.
They say time heals every
sorrow — I wonder.

Bye now dear sister

Dear Kris—

Now that our terrific rain session is at an end, I thought I had better write to kill any worries you may have as you must have read or seen T.V. about the disasters here. We have had 9 days straight of heavy rains that came in from Hawaii way. With our mountains all around the Los Ang area you can see why our troubles. Then, too, the slope fires last year which were big, the shrubs & trees are gone and so the soil was loose. That meant mud slides 4-5-6 ft high coming down the slopes & for that reason the canyon settlers with their fancy homes were really hit. In Glendora, just west of us over 200 homes were destroyed and a lot more filled with mud. Their values ran from $25,000 to $100,000. These were total losses as insurance companies cancelled flood coverage after the fires as all this was anticipated. We stayed home to stay dry but watched the fellers and T.V. Being on the second floor and no leaks was really nice. The big dam across the canyon above us has done its job well and we weren't worried.

So you had plenty cold and snow. We feel for you and for our Spider Lake friends. They had it plenty worse.

The sun is out, the air is washed, the mountains about us are clean and white with snow. Now we can start living again. With the weather cleared up, we intend to head for San Diego and will include Les & Norm in our tours of visits.

Will say Bye for now All our love

Bea & Tom.

Wednesday morning

Dear Flo and Warren,

First, Flo, we hope you have a very nice day and that you have many more birthdays!!!!! Don't get any older, but, just have many more birthdays. Ha! Ha! Don't we wish? Have a piece of cake and cup of tea on us. We'll be thinking of you.

I don't have any news, as I'm just a stick in the mud and stay home most of the time. What little does happen I tell Aunt Elsie, and I'm sure she tells your mom and she relays it to you. Heafd that Bea and Tom visited you folks, as we received a card from them while they were in Wisc. They said they were heading for your mom's and then to see you. I imagine you had a nice visit with them. I hope your mom didn't get too nervous with their coming as Aunt Elsie said she seemed very nervous knowing about their coming. We hope she's O.K.

I suppose you know that Grace and Ollie are renting a very nice home quite close to Bill and Marily About a 7 mile distance. Their addresss is 1094 Stratford Dr. Encinitas, Calif. Sheryl is so pleased that she again has her own room. Grace is happy that Sheryl is happy. They have a nice yard, with plenty of fruit trees, and a nice lawn. The

house isn't very old, with wall to wall carpeting and drapes on all the windows that the owner made. She did a very lovely job. Wish I could sew that well. Norm gave me a Bernina sewing machine for my birthday. An instructress is supposed to come out in the next few days and give me instructions. Heaven only knows if this old girl can learn anything these days, as my brain gets pretty befuddled. I'll give it a try!!!

How are you doing as a nurse? I understand Helen is progressing very well. Must be due to your loving care. I should say, "due to you and Warren giving such good care." That's nice. Glad to hear she's getting better.

Had a long distant call from the Smerda's, yesterday. They were are neighbors when Norm and I were first married and lived on Laurel Ave. We have always kept in touch with them, and they've been out here several times and stayed with us. Last year Grace and Susan stayed here around Dec. 15th for several days, before heading for Chicago. Well, we had received an announcement last week of the marriage of their eldest daughter, Janice. She then proceeded to tell me that she is married to one of the high executives at Kraft's. His name is L. Page Teichert. I've never heard of him, but Grace kinda gave the impression that I should have.

Then Grace said, they left for a months honeymoon to Europe, and are now in their own apartment at 860 Lakeshore Dr. Again they seemed to think I'd know the building. I believe it is one of the newer ones built since we left. She said it's near the Drake Hotel, overlooking the Lake. It sounded pretty snoozy. I'm glad for her. It's hard to believe that all these young folks are now getting married. How's Carol and her husband? I hope fine. You'll have to write me about how they are doing. Is Danny still stationed out here? Never heard from him. Thought maybe we would, but of course the army keeps them busy.

Gee, this turned out to be a book, and I thought I wouldn't have much to write about. Well, you know me, always Yaking and really not saying anything.

So, I'll quit, for now. Do write--

Again, HAPPY BIRTHDAY,

Love,

Lee & Norm

Sunday

Dear Florence + Warren -

Returned from Baton Rouge -
Thurs. eve + found your letter awaiting
me -

First, I want to congratulate you
Florence on the upcoming "blessed event"
Classifying you as a true Grandmother
to be! Just wait until it becomes a
reality - it will be a thrill you have
never before experienced - A real baby
to love + spoil but no responsibility -
I know Coral will be a good mother
+ I am sure she, too, is anxious for
her first child -

How about that Janet H.? - You
have to give those H's credit for getting
themselves into the limelight - I believe
they thrive on it - Will say this, to get
into that St Louis Municipal Opera, one
must have talent - It is an outstanding
theater for it is outdoors + built ~~the~~
amidst a setting of beautiful large trees -

As I remember it, it is the only outdoor theatre in the world, where the acoustics is considered almost perfect - We kids used to attend almost every opera, taking our lunch, due so that we could get into the free bleacher seats - And at that time I know one had to be good to even get into the chorus - So she really is making progress by having even a small part in the productions - Yet, I wonder how that family does it other than with their nerve + boldness - They certainly aren't a retiring naive type, are they?

I could hardly believe my eyes when I read in your letter that Mother La Grand is up + walking around - It just has to be the good care you are giving her plus your unselfish kindness + thoughtfulness - You certainly are accumulating a heaven full of blessings + I am sure you will never be in want for the things

you are so generously giving now when you reach a senior age — You are a good kid, Florence, & I am proud to be a friend of yours —

I know how you feel about your Mom & how much you want to spend more time with her — She is such a darling & I am positive she understands your predicament — I do hope June & Fred watch over her diligently & are sweet to her — She deserves so much love & consideration for she has spent her life doing for others & making sacrifices —

My sister is failing fast & the day after I arrived we had to take her back to the hospital for she was having such difficulty breathing — They took X-rays & the doctor told us the cancer was into the lymph glands & her body was filling with fluid — Her hands, feet & abdomen were terribly puffed up when I left & she can't breathe

unless she is in a sitting position + even sleeps sitting up - Sure hated to leave her but there wasn't a thing I could do for her + after 8 days I thought I should get back to Howard - She also insisted I go home to him - To think Lucille had never been sick in her lifetime (other than colds) + had never been admitted to a hospital before - She had regular complete checkups + the last one in April + was released with the assurance she was in perfect health - Then July 31st they find her full of cancer in the intestinal area with a large tumor on the intestines - Just can't understand it - She is just 2 yrs older than me + much too young to go -

Howard seems to be much better but I don't think he will ever be 100 percent again - Proper eating + plenty of rest keeps him going but

he tires very quickly + I know there are times when he doesn't feel real good but won't admit it — I am ever so thankful we are out here so that he can be in the sunshine during the day — He putters around out there + if he had to be inside all the time I am sure he would fold up in a hurry — He and the landlord next door are always planning little projects + right now Howard is drawing the plans for a 3 car carport that Chuck (the landlord) wants to build behind the triplex he owns down the street. They watched over Howard while I was in Baton Rouge for which I was grateful —

By the time this letter reaches you Anne will probably be in Ft. W. — Guess I told you June must report for Ft. W. on Dec 10 — Via the grapevine we heard that Edward found a house for her but I don't know

where it is - If we want any information we have to get it from other people besides our son + daughter in law - Annie + her family will be staying with Marie Mauhar + Jim's mother until they get into their house -

It is getting to be near the bewitching hour so I had better hit the hay -

Until the next time I write, love to all of you from both of us -

Clare + Howard

Was sorry to hear that Harlem is still having skin trouble - Lucille's husband Kenny had something like that on his cheek - He fooled with that for several months + had surgery twice - finally, the doctor had him take 2 X-ray treatments + he hasn't had any trouble since + it healed up immediately - He had the X-ray almost two yrs ago +

Christmas - 1968

Dear Mrs. Hintz:-

Noooooo - we haven't FORGOTTEN all about you - we were so busy "house-hunting" for Coleman's sister, we just didn't get over to your end of town. However, we think of you OFTEN, even if it doesn't look like it. Coleman's sister HAS to leave her home. DePaul University is expanding ... and is buying up street after street in that area. She never THOUGHT she would be forced to move, and refused all offers, when DePaul was buying. Well, when DePaul Univ. had trouble with some of the old-timers in that area, they turned it over to the City. I would GUESS that if you don't sell, they condemn your property - and get you out one way or another. Soooooooo, Coleman and I were on the look-out for a 2 flat for

her - sort of thinking this might happen. I don't have to tell you how difficult it is to buy a building that doesn't have thousands of $$$$'s in repair work. The real estate men (more than one company) had many buildings to offer, but the ones that WERE in good repair, were over priced, and we didn't think were WORTH the money they asked. Soooo it went. Finally, we found a place that was selling for $24,500. over around Addison Street and Southport. (It's actually 1326 Roscoe - but I didn't know if you were familiar with THAT street). This means she has El transportation, CTA and shopping galore. (Without a car ... you sure have to THINK about this end of the deal, eh wot???) Well, now it a matter of her being paid by the City for her place and in the meantime, we were busy over at Roscoe St. getting it READY for her to move into. We hired painters for the first floor (which will be rented), and now everything is in apple-pie order, thank heaven. I don't know just WHEN she will come to a deal with the City fathers, but at least now she has a building to go to. This neighborhood used to be a old German settlement - but I'm afraid it isn't what it used to be. However, no matter where you go, you can be sure it isn't perfect - so what with her bein able to walk to stores (Wieboldt's and Goldblatt's) and a "do-it-yourself laundry" right oh her corner - we thought this was the answer. I sure HOPE so!

Guess what - our favorite canary (one of the nine, hah) stopped SINGING, and while he's HEALTHY and happy - he just plain lost his voice. We often wondered if YOUR liitle birdie regained his voice??? (Remember, the last time we stopped in, your canary wasn't singing). Well, needless to say, we tried every kind of song restorer on the market, plus a medicine or two that was for this type of trouble (cold, respitory ailments, etc.) and this has been going on for months on end. He doesn't even "peep" in a natural tone - and I sure feel SORRY for him. This is the bird that used to sing even with the cage cover on - remember??? He was aptly named "CARUSO". This is the bird my brother and his wife gave us .... as they just couldn't STAND the early morning and late evening song - hah. It sort of bothered the poodle, and gosh, you can't have that! Well, to make a LONG story short, if you happen to know what WE should do - your advice would be well received.

What with our being away from the house, our birds don't get the attention they USED to - but we make sure they are CLEAN and well fed, and they are in FULL song (the males, natch) and this pleased us. Not TOO many would care to have <u>that</u> much song - but guess we are true bird lovers - hah.

Neither Coleman or I have been touched by that "Flu bug" (or is it Hong Kong virus ?) I'm happy to report. Do so hope this is the way it is at your house!!!

I heard from Mrs. Wiley (Fox Lake). Told me Bill Master had a serious operation, but is now back home and doing fairly well. Her husband was in an auto accident, and landed in the Highland Park hospital. The car was a complete wreck. The Wi family seemm to be HAUNTED by bad luck. Always something happening to them. Rose was always so very thoughtful to my folks, and I DO remember al the nice things both her and Jack did. She also mentioned that Mrs. Mann passed away. ????

This is OUR news for this time. When things sett down a bit - I'll be stopped over to say "Hi" in person.

Wondered how the newly-weds are getting along. Hope Florence and her hubby are both well and enjoying life ... and that all NICE things are happening to the "Hintz kids".

Do have a very pleasant holiday season ... and you know we wish you all many blessings in the coming New Year. Now I sign off for now.

With love,

from Adline

Dear Folks —

I'll take a little rest before starting another project as I just finished cleaning the clanged old oven & just now I'm on a coffee break, & so, this letter to you.

We have had a couple days of light rain & Old Baldy now has a beautiful mantle of snow. And I just noticed there are a few dandelions in our yard & as I sit here the dining room window is opened wide. So, how about it Warren? hurry & get your pension; whenever that time arrives we will be waiting for you folks.

How is Carol feeling & is she still working. When you write please give me her address as I would like to keep in touch. As she expects her baby in April tell her to make it

the 13th for very obvious reasons.

We received a nice letter from your Mom telling us of the surpris on her birthday. That was very thoughtful of you folks & we hope she was able to take it. We wish she would be able to visit you folks more often but she probably thinks that she is better off at home. I if there wasn't so much confusion there!

As we hadn't heard from Audrey since we got home, I broke down & wrote her a few lines She answered by writing a three page typewritten letter telling us her apartment was rented to people from Skokie & they knew her next door neighbor when she lived there. A small world! She is working very hard at home painting & getting it fixed up the way she wanted it. But here is the pay-off! a 70 year old doctor asked her to work for him as he

couldn't understand why a cute little blond is working in an office which is hidden. you figure that one, I said. She is apparently having a little difficulty with her lady boss so she will no doubt make the change. If she can better herself I wouldn't blame her, but time will tell. We will probably be seeing them soon as I'll invite them here when I answer her letter.

We were sort of planning on going to San Diego next week & of course would stop to see Bray but we have been so busy these past few weeks we decided to wait a while. We like them very much & do want to keep in touch & will write or phone them when we do make up our mind to go.

We got a phone call from Winona

a few nights ago telling us the good news that Les has been made Vice President of the universitary where he is Dean. He is a very nice person and we are very happy for them.

We hope Warrens mother is feeling better & is able to get around by herself. It just takes time & encouragement.

and now I'll say Bye with love & write soon.

Bea & Tom

Tues. 11/12

Dear Lis.

So nice for your people to give you a birthday party and glad that it didn't tire you too much.

I was answering a few letters, so thought I would drop you a line.

So you are now 76. Anyhow, you won't catch up to me. My 78 years don't seem to hang heavy yet. Hurray.

We are so sorry that your arm bothers you so much and hope all is a lot better again.

Your Carol & Warren are a lot of help and makes us do less worrying because of that. You mention Carol's baby. We too, are younger because of the Austrians baby next door. Bea is enjoying it a lot. However, while we were gone those 2 weeks, the baby forgot us and would howl when we would try and take it. He is slowly getting back to where he smiles at us all the time. I told Bea he laughs at her. Ha. They all flew to Mexico City for a week and we had to get acquainted all over again.

You mention Martha Bodine. That name was forgotten but it now stirs many memories.

So Fred didn't get a deer. I told you Agnes that Bea & I got a deer on our way home. Killed it with the car but little damage to our car - just a headlamp smashed. Too bad we couldn't have taken it along. We could have picked up a big buck that had been shot down the road near by.

We married off a widow of a close friend of ours - had to go to Encino on Sunday last for 60 miles - then on Monday at 10 a.m. buried a retiree old maid (40 miles). And so it goes.

We were going to go to San Diego on Thurs next to see our friends and then to Laurie & Ray's but Bea asked to wait till next week.

Heard from Audrey - a long letter. She is a secretary now in a big hospital. She now says that a 70 year old doc wants her to be his secretary in his office. Ha.

Must close now to get this in the mail.

All our love

Bea & Don

12/No/68 Noon

Dear Lis.

Thanks for your card and the well wishes in it. I dug out all our cards with notes on them (about 30) which I am answering now. I have always made it a practice to do this, as notes usually come from people either too lazy to write or don't seem to realize that they like to receive letters but won't do anything to encourage them. The Christmas Season is ideal as it does inspire thoughts of friends. Among our cards, we have pleasant news and the other type, too. This is to be expected as all life has its troubles, a fact you well know. Got a letter this morning from a former Spider Lake couple — Dr. Upton and his wife. They were hit by another auto on a trip back to visit Spider Lake from their home in St Petersburg. Both into a hospital near Montgomery, Alabama for a long time — then home in ambulances. We lost track of them since Sept at Spider Lake where we heard about the accident but no other info as to location or where they went. The news we had was that the St Pete property had also been sold. Now we get the letter full of trouble.

Another letter came from our pals of the Minnesota North border, where they had a big lodge. They wintered in Phoenix but sold the lodge a couple of years ago. He spent most of the year 1968 in hospitals with hip trouble — that finally meant sawing off the ball of a thigh bone and reaming out the socket. — Then we get your card that comes from one who has her severe physical troubles but says nothing about it. — This year has been lots of sadness in the sickness and passing of quite a number of our friends. On the other hand there is the happiness of Flo & Warren, Lynn Dixon Malfasi and others. Did I tell you of Nona's happiness in the promotion to Vice President of his University.

(2) We – Bea and I are quite happy over having seen you and yours, Nona + Les, Virginia and family – enjoyed other fine visits with old time friends. Yes, our trip was expensive but it is difficult to buy happiness mother ways.

We were happy a couple of days ago by the reminder of old times and pleasures. We had white lawns and roofs from a rain storm that gave us some snow. It was very nice to see but due to Bea having the remains of a head cold, we just enjoyed it from our windows. Our ground snow melted quite quickly but the mountain slopes are still white. They look so nice and colorful and mares ~~at~~ with the pink of the dawn sun and the deep cherry red of the setting sun. Had some rain last night but bright and sunny now. Our rain so far this season is only about 2 inches total as compared to last year of 4.8 inches. This vacation season results in the mountain roads and slopes being loaded with cars of youngsters ~~g~~ up for skiing. We see where you had snow and David + Stephie Smith write about there skating in Libertyville. Only skating here is inside skating rinks.

Our weather is great but our rain yesterday caused Bea to cancel our Xmas Dinner date with Audrey + Loren. Bea didn't want to get out in the wet cold weather. We will go to dinner with them next Sunday & will then tell her about Lorana's wedding.

A couple, the son of our ~~ex~~ W.E. Mgr. were hoping we would go with them to the Rio Grande River Valley. They have a trailer as large as Flo's but not an Airstream. We couldn't as we have the Apt. They recently sold their hilltop home and are fancy free. Besides that Valley is not good – too much poverty and Mexicans as we found when we stayed at Brownsville – one winter. That couple really have the trailer fever which Flo and Warren are going to get.

Must close now as I have so many more letters to write. ~~Last~~ sent out 7 answers in this morning mail – and yours and 2 others already to go.

We love you Sis and have a happy New Year.

Bea + Tom

(We got a nice newsy letter from David, Stephie and Lorana)

In Memoriam

Twenty-third Psalm

The Lord is my shepherd; I shall not want.

He maketh me to lie down in green pastures: he leadeth me beside the still waters.

He restoreth my soul; he leadeth me in the paths of righteousness for his name's sake.

Yea, though I walk through the valley of the shadow of death, I will fear no evil: for thou art with me; thy rod and thy staff they comfort me.

Thou preparest a table before me in the presence of mine enemies; thou anointest my head with oil; my cup runneth over.

Surely goodness and mercy shall follow me all the days of my life: and I will dwell in the house of the Lord for ever.

PROCESSIONAL HYMN by the CHOIR and CONFIRMANDS

He leadeth me, O blessed thought!
O words with heavenly comfort fraught!
Whate'er I do, where'er I be,
Still 'tis God's hand that leadeth me.

(Chorus):
He leadeth me, He leadeth me!
By His own hand He leadeth me!
His faithful follower I would be,
For by His hand He leadeth me.

Sometimes 'mid scenes of deepest gloom,
Sometimes where Eden's bowers bloom,
By waters still, o'er troubled sea,
Still 'tis His hand that leadeth me.

Lord, I would clasp Thy hand in mine,
Nor ever murmur nor repine;
(Chorus)

Content, whatever lot I see,
'Tis my God that leadth me.

And when my task on earth is done,
When, by Thy grace, the victory's won,
E'en death's cold wave I will not flee,
Since God through Jordan leadeth me.
(Chorus) Amen.

INVOCATION PRAYER in unison

O Lord Jesus Christ, who on this day didst enter the rebellious city where Thou wast to die: enter into our hearts, we beseech Thee, and subdue them wholly to Thyself. And as Thy faithful disciples blessed Thy coming and spread their garments in the way, covering it with palm branches, may we be ready to lay at Thy feet all that we are and have, and to bless Thee, O Thou who cometh in the name of the Lord. And grant that after having been Thy faithful disciples upon earth we may be among the number of those who shall hail Thine eternal triumphs and bear in their hands the palms of victory, when every knee shall bow before Thee, and every tongue confess that Thou art Lord, and that Thou shalt reign for ever and ever. Our Father . . .

HYMN —

When, His salvation bringing,
To Zion Jesus came,
The children all stood singing
Hosanna to His name:
Nor did their zeal offend Him,
But, as He rode along,
He let them still attend Him,
And smiled to hear their song.

And since the Lord retaineth
His love for children still,
Though now as King He reigneth
On Zion's heavenly hill,
We'll flock around His banner
Who sits upon His throne,
And cry aloud, "Hosanna
To David's royal Son!"

For should we fail proclaiming
Our great Redeemer's praise,
The stones, our silence shaming,
Would their hosannas raise.
But shall we only render
The tribute of our words?
No; while our hearts are tender,
They, too, shall be the Lord's.
Amen.

RECEPTION OF NEW MEMBERS

PLEDGE BY THE CONGREGATION

We the members of this congregation, welcome you with great joy into our fellowship and communion. We pledge you our church brotherhood and mutual sympathy, help and prayer. God grant that loving and being loved, serving and being served, blessing and being blessed, we may be prepared, while we dwell together on earth, for the perfect fellowship of the saints above.

CHOIR sings: Blest be the tie, etc.

HYMN —

Living for Jesus a life that is true,
Striving to please Him in all that I do;
Yielding allegiance, gladhearted and free,
This is the pathway of blessing for me.

(Chorus):
O Jesus, Lord and Saviour, I give myself to Thee,
For Thou, in Thy atonement,
Didst give Thyself for me;
I own no other Master,
My heart shall be Thy throne,
My life I give, henceforth to live,
O Christ, for Thee alone.

Living for Jesus who died in my place,
Bearing on Calvary my sin and disgrace;
Such love constrains me to answer His call,
Follow His leading and give Him my all.

Living for Jesus wherever I am,
Doing each duty in His holy name;
Willing to suffer affliction and loss,
Deeming each trial a part of my cross.

Living for Jesus through earth's little while,
My dearest treasure, the light of His smile;
Seeking the lost ones He died to redeem,
Bringing the weary to find rest in Him.
Amen.

All to Thee, my blessed Savior,
I surrender all.

All to Jesus I surrender,
Humbly at His feet I bow,
Worldly pleasures all forsaken,
Take me, Jesus, take me now.
(Chorus)

All to Jesus I surrender,
Make me, Savior, wholly Thine;
Let me feel the Holy Spirit, —
Truly know that Thou art mine.

All to Jesus I surrender,
Lord, I give myself to Thee;
Fill me with Thy love and power,

THE SACRED RITE OF CONFIRMATION:

a) Confession of Faith b) Prayer c) Consecration

CONSECRATION SONG —

O Jesus, I have promised
To serve Thee to the end;
Be Thou forever near me,
My Master and my Friend:
I shall not fear the battle
If Thou art by my side,
Nor wander from the pathway
If Thou wilt be my guide!

O let me feel Thee near me;
The world is ever near;
I see the sights that dazzle,
The tempting sounds I hear:
My foes are ever near me,
Around me and within;
But, Jesus, draw Thou nearer,
And shield my soul from sin.

O Jesus, Thou hast promised
To all who follow Thee,
That where Thou art in glory,
There shall Thy servant be;
And, Jesus, I have promised
To serve Thee to the end;
O give me grace to follow,
My Master and my Friend.
Amen.

Palmerium. The Sixth Sunday in Lent

Palm Sunday epitomizes the faltering experience of every true follower of Jesus Christ. Quite conceivably, many in the crowd that first Palm Sunday morning shouting their hosannas, turned away in disappointment and derision when Jesus drove the money changers from the temple courts in the evening of that fateful day.

The events of the day hold significance for us, but they need to be lifted out of the realm of sentimental tradition into another realm altogether where the reality of that which we envision as we reverence Christ in our worship, is made to carry over into the market place. As we near the close of another Lenten season, having once more submitted ourselves to the discipline of these Lenten Sundays, we should have grown in the "knowledge of His will in all spiritual wisdom and understanding." Never content with mere growth, however, we go out from our churches to bear fruit in every good word and work.

Confirmation

Today in thousands of churches, young people as well as many of mature years "crown Him Lord of all" by taking upon themselves the confirmation vows of the Christian Church. By this solemn act of self-commitment they declare their allegiance to Him who alone is the hope of the world, and share with almost seven hundred million of His followers in witnessing to the redemptive and reconciling power of the Gospel.

Holy Week

Holy Week begins with the first hours of Palm Sunday and ends with cock-crow on Easter Day. The week brings together several of the most meaningful observances of the entire Church Year. Palm Sunday is part of this week. Maundy Thursday, marking the anniversary of the institution of the Lord's Supper, and good Friday, the anniversary of the crucifixion, are also included.

Holy Week is widely observed in the Evangelical and Reformed Church by special services of worship commemorating the events of the last week in Jesus' life. Every true worshipper seeing himself in the light of these last days in the life of Jesus cannot but be moved to a deeper penitence for his sins and to a renewal of his commitment to Him whose name is above every other name.

Chicago's bungalows are now cherished again

By Karl Lydersen
Washington Post

CHICAGO – When Maribeth and Greg Brewer moved back to their native Chicago, they wanted to reconnect to the city and feel a sense of community – something they had never felt in years they lived in a soulless condo in a trendy neighborhood.

The new house of their dreams they found was 79 years old, a simple brick bungalow. They were not alone. The Chicago bungalow, unpretentious but comfortable, home to generations of working-class immigrants, has become one of the hottest houses for young, hip couples and families looking for a manageable slice of city life.

The new homeowners are turning their love of the houses into a hobby, with clubs that meet monthly to discuss the bungalows' history as well as practical tips on how to fix them up.

Bungalows didn't receive much fanfare for their architecture and artistry when they were built from 1910 to 1940. But now they are being heralded as prime examples of the Arts and Crafts and Prairie schools of architecture, directly influenced by the work of Frank Lloyd Wright.

Washington Post photos

About 80,000 brick bungalows were built in Chicago from 1910 to 1940. They are now being treasured for their architecture.

"We've had this weird bungalow bond with people," said Maribeth Brewer, 46, a manager at the Field Museum. "This house has really made us feel a part of the neighborhood. Bungalows seem to attract people with an appreciation for the arts, and it's very multicultural."

About 80,000 were built, creating a "bungalow belt" around the northwest and south sides of the city and accounting for about a third of the city's housing stock. One-and-a-half-story brick buildings with peaked roofs, covered porches and lots of windows, bungalows were never seen as flashy. But they were pleasant, spacious places to raise a family.

Maribeth and Greg Brewer moved back to their native Chicago into a bungalow built 79 years ago.

Although there are bungalows in other cities, Chicago's are distinctive for a number of characteristics, including their roof peaks, which are perpendicular to the street rather than parallel, their narrow lots and the fact that they are made of brick. Chicago also has houses reminiscent of bungalows but with extra levels and flourishes, such as turrets; often called "bungaloids."

Bungalows are generally considered affordable housing, although prices range from about $120,000 to $900,000 depending on location, condition and extra features.

The city has officially noted bungalows' historical significance. Mayor Richard Daley five years ago launched a city initiative offering grants, loans and technical assistance to help owners restore bungalows and outfit them with energy-efficient technology. Daley grew up in a bungalow in the South Side neighborhood of Bridgeport with seven siblings, his parents and his grandfather.

"A bungalow is so unique to Chicago history," Daley said in an interview. "My father (the famous former

Taschen admires the bold dichotomies the architect worked with. "That's the characteristic of great artists: They can make things simple."

Hess points out that Lautner's embrace of modernist innovation and organic forms made him a more interesting architect but also contributed to his obscurity during much of his career. During the 1950s and '60s, the starker, cooler modernism of the Bauhaus and of Ludwig Mies van der Rohe reigned in intellectual circles, especially in Europe and on the East Coast.

"Organic Modernism was just as modern in its use of materials," Hess says, "but it had a different sense of

signed by German painter Albert Oehlen.

"These Lautner houses are like custom-made clothes," Escher says, "so you really have to find the right tenant for them. Taschen was perfect for the house – he immediately grasped what the house was about, and he was entirely open to our ideas for the place, like ripping out the glass and commissioning pieces by artists."

During the first few years the Taschens lived there, the house became locally famous for their parties, where photographer Bill Claxton and his model wife, Peggy Moffett, would carouse with porn stars, jazz musicians and director Billy Wilder.

These days, now that Taschen has an office in Hollywood and a book-

mayor) built ours in 1937 or 1938. Bungalows were built by great tradesmen and architects. They were well constructed by people who put a lot of thought into it, not like some of the things you see now that will be down in 25 years."

In order to take advantage of city incentives, owners must certify their bungalows as historic structures through the non-profit Historic Chicago Bungalow Association. More than 7,000 have been registered. Some neighborhoods are being designated as historic bungalow districts.

"From the late 1960s through the 1980s, bungalows had sort of gone out of vogue and weren't appreciated for what they are," said Charles Shanabruch, executive director of the Historic Chicago Bungalow Association and an owner. "That's changed."

Cities including Denver and Milwaukee are also working to protect and restore bungalows. Visitors from around the country attended the fourth annual Chicago Bungalow Expo in April, when more than 9,000 people explored exhibits on restoration, care and historical significance.

"It's the type of home everyone should own. It's sturdy, you can expand it, we have everything we need here."

– Georgia Ozanik, bungalow owner

"A lot of our job now is undoing what the previous owner did to make it more 'modern,' " said Jim O'Reilly, 35, a technology consultant for the Chicago public schools who bought a bungalow in 2001.

The previous owner "did things that he thought made it contemporary," O'Reilly said. "We're restoring it to the way it originally was. He had plastered over the stained-glass windows. There was this awful wood paneling in the kitchen – my wife just took a crowbar and started tearing it off."

O'Reilly noted their home isn't far from the bungalow where his Irish immigrant grandfather lived decades ago.

"I feel really good about having a part in restoring these old buildings," he said, touching a distinctive arched doorway molding he had uncovered and polished. "It's neat to have this connection to the past."

Along with the wave of new owners, there are many families who have lived in their bungalows for decades. Georgia and Thomas Ozanik raised 11 children during 41 years in their northwest side bungalow and never considered leaving.

"It's the type of home everyone should own," said Georgia Ozanik, 72. "It's sturdy, you can expand it, we have everything we need here."

Betty Gutierrez, a 23-year bungalow owner and deputy director of housing services at a Southwest Side economic development corporation, said her neighborhood includes many Hispanic families as well as descendants of original European residents.

"It's a very diverse and stable population," she said. "Some of our neighbors have been here over 40 years."

Shanabruch said, "If you were to go around the bungalow belt, you'd find neighborhoods that are predominantly African-American, that are predominantly Hispanic and that are mixed Caucasian, African-American and Hispanic. It's the whole range, in terms of ethnicity, age and income. In that way, it really represents the city of Chicago."

God saw he was getting tired
and the cure was not to be.
So he put his arms around him
and whispered "Come with me"
With tearful hearts we watched
him fade away.
Although we loved him dearly,
We could not make him stay.
A golden heart stopped beating,
hard working hands to rest.
God broke our hearts to
prove to us,
He only takes the best.

Dear Flo - W - & all the family.

Well here comes a line dear you know Shelley wrote me a letter so I answered it. She is a darling & so is Jule - the letter was so cute so answered it right away & sent it to you. maybe she shows you. It is dark & dreary here today they said snow but up to now no snow thank God Dave we got leaves on our corners the wind pulled them all down & then they lay & trod

to sweep them yesterday
but the wind was blowing
them down faster than
I could sweep so I gave up
to-day I got Arthritis in my
right knee & it pains when
I walk I'll take a couple
of Asperin now that will
knock it out say to Shelby
thank you for the nice
letter. I hope you are
not angry at me for
anything I said or done
I don't know anything
Else just called Dorothy
to say hello to you I hope
everything is well out there —
say hello to Helen & Mary
so I'm closing loads of love to all
Your old Mummy Mom

Dorothy Hintz Hagen, niece, remembers that her uncle was well-known in his profession, because her family often read about him in the trade journals in California. I have tried to find the names of some of these trade journals with no success. Daughter Florence remembers his being offered the chance to temporarily work in the Philippines but wife Florence did not want to leave home, so he declined.

He was a 65-year member of the Chicago Photo Engravers Union, Local 5 and Graphic Arts (see obituary). He worked until his 75th birthday with no paid vacation, according to daughter Florence. Was also a member of the Logan Square Lodge No. 891. A.F. & A.M. (see obituary).

When it comes to flowery language
I can't say that I shine
I only know the sweetest girl
In all the world is mine—
I only know the happiest
And best years of my life
Started when the sweetest girl
In the world became my Wife
